

## EVA AIR MAKES AIRLINERATINGS' TOP TEN AIRLINES FOR 2022

*EVA Air ranked 8<sup>th</sup> following earlier top 10 ranking in World's Safest Airlines*

**LONDON, 14 JULY 2022** - As countries reopen to visitors and global travel resumes, [EVA Air](#), Taiwan's leading independent airline, has again earned a spot among [AirlineRatings'](#) World's Top 20 Best Airlines, ranking in 8<sup>th</sup> position. In January, the influential online product, safety and COVID-19 protections site recognised EVA Air in 9<sup>th</sup> place in the [World's Safest Airlines for 2022](#).

*"EVA Air has always been at the forefront of cabin innovation, starting with its premium economy in 1992," said AirlineRatings Editor-in-Chief Geoffrey Thomas. "EVA Air continues to deliver a top-quality product and service and is a standout airline."*

EVA Air has been busy during COVID lockdowns, finding ways to enhance and improve the airline travel experience for its passengers. To speed up airport processes and reduce person-to-person contacts, it created new check-in counter graphics in bright, easy-to-recognise colours and streamlined services from online booking and seat/meal selection to automated conveniences such as check-in. It has also been piloting a boarding system using biometrics with facial recognition. Earlier this year, it introduced the EVA e-Library, giving passengers more inflight reading choices, creating more convenient and comfortable flying experiences and eliminating a significant amount of newspaper and magazine waste. It continues to seek, evaluate and implement actions to help achieve its commitment to net-zero carbon emissions by 2050.

AirlineRatings.com regularly monitors and assesses more than 385 airlines, rigorously scrutinising and rating them based on a system of one-to-seven stars. Data reviewed through its Awards of Excellence

evaluation process includes the age of a carrier's fleet, audited passenger reviews and product offerings. Editors also considered airlines' Covid-19 responses, safety practices and profitability.

EVA Air will continue to improve services and operations, identify new passenger comforts and conveniences, upgrade its fleet and adapt inflight amenities to meet the highest health safety standards. With quality service and safety as its consistent goal, EVA Air aims to always give passengers the best possible inflight experiences.

More information about the ratings site and its awards can be found at [www.airlinerratings.com](http://www.airlinerratings.com). Updates about EVA's schedules, services and COVID safety practices are available at <http://www.evaair.com/>.
